

Cover Topics

Submitted papers should be within the tracks below:

1. Telecommunication Network (TN)
2. Renewable energy for telecommunications (RET)
3. Antennas and Microwaves (AM)
4. Signal and Image Processing (SIP)
5. Technical Access for telecommunication satellites (ATS)
6. Telecommunication and Multimedia Systems (TMS)
7. Teledetection and spatial technologies (TST)

Informations

The International Congress on telecommunication and application, **ICTA14** is an essential forum for sharing knowledge about the latest progress and advances in information and telecommunication technologies through papers, and has an excellent track record for fostering synergism between research teams that are working in the fields related to the congress topics. The rich assortment of tutorials, presentation sessions, and receptions will allow you to gain in-depth knowledge of fundamental principles and the latest trends in the sciences of electronics, technologies of information and **ubiquitous** telecommunications. With its many sessions, the Congress is an excellent opportunity to renew old friendships and network with new contacts. You and your accompanists will also enjoy the vibrant culture and many points of interest in our beautiful and hospitable country. So make your plans now to join us for this exciting event. You can enjoy the **BEJAIA** city through these pictures.

The congress is organized by:

International Congress on Telecommunication and Application'14

Bejaia, Algeria, 23-24 APRIL 2014

First Call for papers

Route Targa Ouzemour Bejaia 06000, Algeria Phone 00(213) 034 2150 06, Fax: 00(213) 34 205105- icta14@gmail.com

General

The International Congress on Telecommunication and applications (ICTA'14) will be held in Bejaia-Algeria, and will be organized by Laboratories ([LGE](#)), [LMER](#), Faculty of Technology, University Abderahmane MIRA of Bejaia (Algeria) The congress will provide a forum for researchers, academics, engineers and students to discuss research ideas and present the recent advances in Telecommunication engineering and related topics.

Student Paper Award

The best presentation (oral and poster) will be awarded during the closing ceremony.

Paper Submission

Researchers and students are invited to submit papers up to 6 pages. Submissions should be in Adobe Acrobat (.pdf) and MS Word (.doc) format in English, in two-columns according to the template format ([link](#)). Best presented papers will be selected for possible publication in referred International journals.
